

Grouse Mtn Tye Ski Club

Tye "Rising Star" FIS Athlete Bursary Application Form

Athlete Name: _____

Address: _____

Parent Names: _____

The Grouse Mountain Tye Ski Club is committed to the continued development of our athletes. For the 2007/08 season the Club is extending an offer of a \$1,000 bursary to those athletes who submit a complete application to the Tye Program Director prior to November 15, 2007.

The purpose of the Tye "Rising Star" bursary application form is to gain insight into your training preparation and goals. It also provides the opportunity for your coach to comment on the topics. Please fill out the below with as much detail as relevant.

1. Tell us about your goals for the 2007/2008 ski season. Note that these should be process (rather than outcome) oriented goals. If you set task-based goals, good results will be a byproduct.

Your coach's comments on your goals:

2. Describe what you have done during your summer and fall preparation in pursuit of the above goals?

Your coach's comments on your preparation so far:

3. As a Tyee FIS athlete, you are in a role model position. Our young developing racers and their families look up to your training commitment. Please tell us how you are planning on getting involved with Tyee programs this year and taking advantage of your role model position?

As a final note, we'd like to remind you that at FIS age, your work ethic (on and off-snow) will be the main factor in achieving your goals and results you will be happy with.

We wish you a productive season, and the reminder that the club stands behind you in support. If you require our assistance with any matter, feel free to contact the Tyee Program Director at programs@grousetyee.com.
